

Self-Catering Cottages

We offer a diverse range of fully-equipped self-catering properties throughout Ireland, located in some of the most beautiful regions. Properties range from cosy individual cottages to stylish holiday-complex accommodations, complete with on-site facilities. Individual cottages are often traditional thatched or character cottages and are usually located amid peaceful, picturesque surroundings. If you are looking for something extra there are centres that offer access to a wide range of leisure facilities, such as indoor pools, golf courses and children's activities.

We are sure to have a property to suit your requirements whether you are looking for a family holiday, an activity holiday with friends or a weekend break. The examples shown in this brochure provide comfortable and convenient bases from which to tour the surrounding areas and are only a small fraction of the properties available. Please see our website for more information and examples.

SELF CATERING COTTAGES PRICES:

We have given ferry and accommodation package price examples for each property. They are based on the Stena Line standard season HSS ferry from Holyhead to Dun Laoghaire Saturday to Saturday with 7 nights accommodation. We have used the lowest accommodation rate available within that standard season. Prices are all per adult. Reductions for low season. Supplements for high season.

For an up to date quote specific to your requirements or to check availability please phone 01246 221753.
